

Codes

Tommy "Horsehead" sobbed
from the witness stand

for breaking the code
of silence. Then he fingered

his colleagues, since
they had planned to whack him

coming from a sporting club
in south-most Philadelphia.

A MAN, of course, would
take the hit and die.
In Ketchum, Idaho,

Hemingway sent his gray sky-
ward. Another code, by the way,

the code for Ketchum is 208,
Philly's 215.
